

**Department for Environmental Protection
Division of Waste Management**

NOTICE

**2005 COMPOST FACILITY OPERATOR TRAINING AND
CERTIFICATION SCHOOL**

The Division of Waste Management's annual training and certification program for compost facility operators will be held June 14 and 15, 2005; at Central Kentucky Technical College in Lawrenceburg, KY. The objectives of this class are to certify facility operators, and promote acceptable environmental practices for solid and special waste operations at composting facilities. The program contains sessions on composting processes and methods, research utilization, permit requirements, record keeping, waste reduction, yard waste management, rural and urban problem resolution, equipment, marketing, daily operations and monitoring. The length of the training class, including examination, is two days. Upon successful completion of the examination, operators will become certified for five years. Classes will start at 8:30 a.m. and end at approximately 4:30 p.m. each day. Please arrive in time to sign in each day prior to class.

WHO MUST ATTEND: All compost facilities in Kentucky must have a certified operator. **If you were granted interim operator status, or if your certification expires on or before December 31, 2005, you must register to attend this class.**

FEES: The fees listed below include the training course, a training manual, study guide, class supplies, refreshments, and a test for certification. Checks or money orders must be made payable to the **Kentucky State Treasurer** and should be received by the Division of Waste Management **no later than May 2, 2005. Please send in one check for each certification registration.**

Compost Operator	\$125.00	Training Only	\$100.00
------------------	----------	---------------	----------
